

Let's ride a bicycle safely and properly

Regulations for encouraging riding bicycle safely and properly in Okayama City enforced on April 1 2021

"Bicycle regulations?"
Sounds complicated.

Let me explain!

Okayama City
Road Safety Character "Mamomo"

In our city Okayama, many people use bicycles commuting to work and school. There have been a lot of traffic accidents caused by bicycles. Riding manners are not always good. That is why the regulations were established.

Each person should keep in mind to follow the regulations.

No. 1

STOP

Do not run out !
Stop before cross roads with poor visibility.

No. 2

CONFIRM

Confirming safety is important.
Look both ways and back-right carefully!!
Obey traffic signals too.

No.3 **FOLLOW**

Follow the rules!

I do obey the rules!

Which side does this person travel?
Bicycles must run on the left side of the road!

Really?!

Yes

No

You need to purchase compulsory bicycle liability insurance!

※The TS mark does not indemnify you against any damage to property owned by other individuals.

If you had a traffic accident,

Make sure everyone involved is safe.

Call 119 in case of injury.

Prevent road hazards (secondary accidents) .

Report to the police.

Call 110.

Identify the other party.

(license plate number, his/her name, contact information, etc.)

Contact your family member and office.

Go to the hospital as needed.

Ask for help from people around you!

If the perpetrator leaves the scene of the accident, it is a "hit-and-run" act and the crime is more serious.

Use reflectors!

When you go out after dark, wear reflectors or LED lights to let car drivers know where you are.
